NUTRIGENEAI BIOTECH LIMITED APPROVED IN HKSTP IDEATION PROGRAMME, BATCH 23

NutrigeneAI Biotech Limited is thrilled to announce its approval into the prestigious Ideation Programme at Hong Kong Science and Technology Parks Corporation (HKSTP). As part of Batch 23, NutrigeneAI joins a select group of innovative startups dedicated to advancing technology and science.

The HKSTP Ideation Programme is renowned for fostering innovation and entrepreneurship by providing early-stage startups with the necessary resources, mentorship, and support to turn their groundbreaking ideas into viable businesses. NutrigeneAI's inclusion in this programme is a significant milestone, underscoring its potential to revolutionize vascular health solutions.

Key Benefits of the HKSTP Ideation Programme:

Access to World-Class Facilities:

NutrigeneAI will have access to HKSTP's state-of-the-art laboratories and research facilities, enabling the company to conduct cutting-edge research and development in vascular health.

PRESS RELEASE

Mentorship and Networking:

The programme offers mentorship from industry experts and successful entrepreneurs, providing valuable guidance and insights to help NutrigeneAI navigate the challenges of startup growth. Additionally, NutrigeneAI will have opportunities to network with potential investors, partners, and other innovators.

Funding Support:

As a participant in the Ideation Programme, NutrigeneAI will be eligible for funding support, helping to accelerate the development and commercialization of its AI-driven vascular health solutions.

Collaborative Environment:

HKSTP fosters a collaborative ecosystem where startups can engage with other technology companies, research institutions, and healthcare providers. This environment promotes knowledge sharing and collaborative innovation.

About NutrigeneAI Biotech Limited:

NutrigeneAI Biotech Limited is a pioneering biotechnology company focused on providing total vascular solutions through the integration of advanced AI technology and expert vascular care. Founded by leading vascular specialists and experienced entrepreneurs, NutrigeneAI is dedicated to improving vascular health outcomes and offering personalized medical solutions.

About HKSTP Ideation Programme:

The HKSTP Ideation Programme is designed to support early-stage technology startups by providing resources, mentorship, and funding to help transform innovative ideas into successful businesses. The programme aims to nurture a vibrant ecosystem of innovation and entrepreneurship in Hong Kong.
