

Press Release

NutrigeneAI Recognized as a Graduated Venture in Deep Tech Lab Mentorship Program 2024 – 2025

June 2024, Hong Kong –

NutrigeneAI Biotech Limited has been officially recognized as one of the Graduated Ventures in the Deep Tech Lab (DTL) Mentorship Program 2024 – 2025, distinguishing itself among over 100 participating startups and teams. This achievement reflects NutrigeneAI's strong innovation in biotechnology and its commitment to transforming vascular healthcare through advanced science.

Deep Tech Lab is a leading incubation platform dedicated to enhancing the commercialization of science and building massively scalable ventures. Supported by world-class universities, industry leaders, and strategic partners including InvestHK, HKSTP, Cyberport, AWS, CUHK Innovation, and MTR Lab, the program provides mentorship, funding opportunities, and commercialization support to science-based startups.

Throughout the program, NutrigeneAI participated in intensive training, mentorship, and networking sessions, engaging with advisors from The Chinese University of Hong Kong, The University of Hong Kong, The Hong Kong University of Science and Technology, as well as global investors and biotech entrepreneurs. Key highlights included:

1. Interactive workshops on commercialization strategy, financing, and leadership.
2. Founder sharing sessions offering real-world fundraising and venture-building insights.
3. Cross-disciplinary collaboration during Synergy Day, matching scientists and business leaders to foster new venture opportunities.

NutrigeneAI was also named a Featured Company during the graduation reception, presenting its progress in developing its first product in skin-care applications, built upon its dual innovation pipelines in drug screening and cell-based therapies.

“We are honored to be selected as a Graduated Venture by Deep Tech Lab,” said Professor Jack Wong, Founder of NutrigeneAI. “The mentorship, strategic partnerships, and international exposure we received through this program have accelerated our path from scientific discovery to impactful healthcare solutions.”

This recognition marks an important milestone for NutrigeneAI, reinforcing its mission to deliver innovative, accessible, and cost-effective biotechnology solutions, while deepening its integration into Hong Kong's dynamic innovation and entrepreneurship ecosystem.
